

Events Calendar

With a growing portfolio of proprietary trade conferences and exhibitions in Asia Pacific and other global emerging markets, SingEx Exhibitions, part of SingEx Holdings and a fully-owned subsidiary of Temasek Holdings, focuses on industries with high growth potential. We actively identify the needs in key industries and develop new-to-market trade platforms that bridge industry gaps in the ever evolving global marketplace. We take a creative and innovative approach to the development of our events, curating high quality content that helps shape each industry's future, and creating powerful connections that help our customers meet their business objectives.

AUTOMOTIVE

Automotive

The automotive business is a global industry with each region providing its own unique opportunities. Whether you are looking to conduct feasibility studies, seek local partners, generate new sales leads or aiming to maintain relationships with clients, developing new business in key markets is always challenging. As one of the most established trade platforms for tyres, automotive repair maintenance, services, smart solutions and tyre sustainability, the Tyrexpo series will provide you with the ability to maximise business opportunities, with access to 4 key markets - South East Asia, India, Africa and Europe.

11 – 13 July 2017
Chennai Trade Centre,
Chennai, India

www.tyrexposeries.com/india

India's premier one-stop marketplace for buyers and sellers of tyres, automotive repair & maintenance and tyre accessories, looking to do business in India.

4 – 5 October 2017
The NEC Birmingham,
United Kingdom

www.tyrexposeries.com/uk

UK's most established one-stop marketplace for international suppliers and buyers of tyres, automotive repair & maintenance and tyre accessories, looking to do business in the United Kingdom.

ENVIRONMENT

Environment

Cities in Asia have grown faster than any other urban area in the world. This rapid rate of urbanisation brings with it many environmental challenges and how these are addressed will be the defining element in the region's long term prosperity and stability. SingEx series of environment conferences and exhibitions bring together governments, businesses and organisations to explore and discuss ideas, share knowledge and innovative solutions that will chart the future for a sustainable, clean and green urban environment in Asia.

19 – 20 October 2017
MAX Atria @ Singapore EXPO,
Singapore

www.wastemetasia.sg
